DEDICATION

With sincere appreciation for many years of service, we, the Class of 1932, gratefully dedicate this fifteenth volume of the Carontawan to

HERBERT MANSER

a true teacher, and above all, a true friend.

INTRODUCTION

This fifteenth volume of the Carontawan, made possible by the seniors and undergraduates of Mansfield, endeavors to bring to you a complete record of our accomplishments, activities and pastimes of our school life during the past year. We, in doing this, have recognized the great need of pictorial illustration; so throughout the book in both theme and content we have endeavored to satisfy this exigency. The basis of our work is a sincere hope that these pages will succeed in recalling to you the real spirit of Mansfield.

Campus Views

Following the custom established a few years ago of devoting a section of the Carontawan to various interesting views of the campus, the Carontawan Board presents the following twelve pictures of the campus in natural colors for your approval.

We believe that they are beautiful, quiet and fairly complete. Being quite aware of a certain regret that all seniors have of leaving Mansfield and its atmosphere of quiet serenity, we have attempted to incorporate and suggest in the book through the medium of pictures that very serenity we shall all miss so keenly in our future surroundings.

As the years tumble on and M. S. T. C. continues to grow and develop, the old familiar campus as we know it will gradually change and the old scenes will disappear according to the dictates of time and progress.

To the campus as it is then, to the campus of the seniors of '32 we dedicate these views with a fond hope that sometime in the far future we may roam again in memory and fancy through our old Alma Mater.

Our College

All Pennsylvania colleges are maintained to prepare teachers for the public schools of the commonwealth. In addition to preparation for elementary and secondary teaching, including the special fields of English, Social Studies, Mathematics, Science and Foreign Languages, Mansfield also provides department supervisors in Music and in Vocational Home Economics. All its work is on the collegiate level and leads at the end of four years to the Bachelor of Science degree. Naturally, in time, many of its graduates leave the state or enter other professions. Its largest alumni association is located in New York City. Among the twenty-five per cent of its students who are men, many are attracted in prosperous times into more remunerative occupations. Some use teaching as a stepping stone to other professions. Many women marry early. The average teaching life is short. Actually therefore, any teachers college performs a very large social service in the training of citizens who teach briefly, if at all. Fortunately, a teachers' course happens to be the best collegiate training for citizenship. Mansfield also has a unique opportunity to serve the state as it is the only institution of collegiate rank in an enormous section of the Northern Tier. Starting with the New York border its nearest collegiate neighbors are located on the east in Scranton, on the west in Meadville and Edinboro, on the south in Lewisburg, State College, Bloomsburg and Lock Haven.

Any institution so situated among a capable but scattered population has opportunities, responsibilities and duties larger and even more vital than those ordinarily faced by similar educational institutions dissimilarly located. Mansfield's first graduate and oldest alumnus tells how as a boy on his father's farm on the mountain side, someone came back from town one day and said to him, "Mansfield is going to have a seminary and an iron furnace." It did. For better than two generations the furnace has been only a name and a fading memory among other shifting, changing industries. The conference seminary shortly became a Normal School and then a Teachers College. The enthusiasm of early students and the zeal of the founders has been contagious and persistent. This explains my Mansfield, technically an institution for the professional training of teachers, has such a firm hold upon all the citizens of Pennsylvania's Northern Tier of counties, and why it has been able to perform so unique a service for the territory in which it is the only college.

Music Education

The Four Year Course leading to the degree of Bachelor of Science in Public School Music not only includes many hours of music instruction covering methods of procedure from Kindergarten through grades, Junior and Senior High School; sight reading, dictation, theory and harmony, form and analysis, composition, music appreciation, music history, orchestra, band, chorus, applied music, and many hours of practice teaching, but in addition requires twenty-four hours in education and eighteen hours in a teaching minor. This certainly makes as rounded and complete a course as is possible to give in four years.

The course in Music Education then, broadens the field of musical culture and increases the enjoyment of tonal beauty, not only for our own students but in the lives of hundreds of children for whom music becomes an adventure in joy.

“GREAT OPPORTUNITIES MEAN GREAT RESPONSIBILITIES”

Home Economics

The Home Economics Course at Mansfield State Teachers College prepares girls for two of the oldest of professions—teaching and home-making.

Upon graduating after four years of work, a girl is qualified for teaching either general or vocational Home Economics in the State of Pennsylvania.

Instruction in this course provides the necessary training which makes a girl a better homemaker and leads her to establish a home which is “Economically sound, mechanically convenient, physically healthful, morally wholesome, artistically satisfying, mentally stimulating, socially responsible, spiritually inspiring, and founded upon mutual affection and respect”.

Dean of Women

Dean of Men

Dean of Women

The Dean of Women has the unique opportunity of being guide, counsellor, and friend to all women students. It is her privilege to offer to the students at Mansfield, opportunities for widening their experience during the time not necessary for actual academic accomplishments. Some of these opportunities for a wider life are found in the lectures and concerts; in the church activities; in the club life of the college; in the work of committees; in dramatic productions; in short, in the general living conditions of this community. But other opportunities; such as the development of each individual into a happy useful member of a large group, may be found in the daily contacts within the dormitory. The Dean of Women is primarily concerned with just this daily life of the students and has as her motto the greatest good for the greatest number, not forgetting any one of the number.

Dean of Men

As society evolves it becomes more and more complex. With its ever changing pattern and shifting scenes, rare is the man who needs no counsel or guidance. Everyone should be a master craftsman, building the most noble edifice his limits will permit. To do so, he must waste no time quarrelling with his fellow workers; he must use correctly the resources at his command; and, he must not attempt to build that for which he has no adequate materials.

It is the Dean of Men's privilege to help students to understand their neighbors, themselves and their possibilities in order that they may live more completely.

The Student Councils

The students of Mansfield are organized into two "Student Associations". The women students comprise one, the men students comprise the other. Each year these associations elect a group who are known as the Student Councils and it is the work of the Councils to carry on the active work of these associations.

The Student Councils are vested with authority to discipline members of the Associations and in addition receive added delegated power from the administration of the college.

The advantages of such organization, both to the students and to the administrative officers, are readily apparent. The unifying of the large number of students in the college not only makes it easier and more pleasant to control the group but also enables the students to make their wishes and needs known through recognized officers of their own. At Mansfield there is no feeling that the Student Councils and Associations are working against the college administration but rather that these two groups work in harmonious cooperation for the promotion of the interests of each.

“Our birth is but a sleep and a forgetting ;
The Soul that rises with us, our life’s star,
Hath had elsewhere its setting
 And cometh from afar ;
Not in entire forgetfulness,
And not in utter nakedness,
But trailing clouds of glory do we come
 From God who is our home.”

THOMAS EVANS

January 4, 1911 January 20, 1932

“The rainbow comes and goes,
And lovely is the rose;
The moon doth with delight
Look round her when the heavens are bare;
Waters on a starry night
Are beautiful and fair;
The sunshine is a glorious birth;
But yet I know, where'er I go,
That there hath passed away a glory from the earth.”

NATHAN TREXLER

May 27, 1907 January 30, 1932

“Large was his bounty, and his soul sincere;
 Heaven did a recompense as largely send:
He gave to misery all he had, a tear;
 He gained from heaven ('twas all he wished) a friend.”

We are glad this daughter of Stroudsburg joined our class, for she is an able and conscientious student; willing to cooperate; and unselfish in her service to others.

Her excellent teaching record furnishes the basis for the belief that hers will be a successful future.

That's "Janie".

Group Two

Y. W. C. A. (1); Art Club (1), Band (1) (2).

Ida is noted for her charming personality and for the humor which she adds to the most serious situations. She is a worthy example of a successful teacher—although it seems that she will not be listed on the pension roll, from all outward appearances. Just ask her, "How's business?"

Mocanaqua, Pa.
Group Two

Y. M. C. A. (1) (2); *Intramural Basketball* (1)
(2); *Varsity Baseball* (1) (2).

"Joe" has a great many friends, mostly because of his ready smile and ability to be a good mixer. He doesn't let the "blues" get the best of him, and follows, ardently, all kinds of sports

SHIRLEY SPANGENBERG Thompson, Pa.

We are sorry we haven't seen more of Shirley up around the dormitory. Those of us who know her, however, realize that in her modest and reserved manner, she has proved to be a most worthwhile friend and student.

GEORGE E. TAYLOR Muncy Valley, Pa.
"TAYLOR" Group Two
Y. M. C. A.

Sorry that you had to leave us this January. Taylor's sincerity, his conviviality, his genial smile had made him a welcome figure on our campus. We should not forget Taylor's flivver. Best of luck, Taylor!

The Junior Class

Turn back the annals of your memory to the fall of '29. Don't you get a big laugh from the sights and scenes you recall? Green caps and green ribbons are not all we see. A cannon being polished by several over-industrious "Frosh", shoes, whether mates or not, being grabbed from a scrambled pile are also some of the brighter spots which we remember.

Yet, after all the silly pranks played on them by the Sophomores, the "Frosh" of '29 came through alive. In fact they were very much more alive because of the hazing. Who is there among us now who cannot see the benefit we derived from being kidded as "Frosh"?

The last "Frosh-Soph" football game was played that year. From the

score one can see that it was exciting enough. The meek "Frosh" held the mighty "Soph" machine to a 0-0 tie. No casualties were reported although it is highly probable that some of the "Sophs" lost their religion.

Later in the year, when we had proven our right to social equality and thus had our "customs" taken off, we blossomed out into the social life of the college. We did our best to uphold our end of that burden. Our "Frolic", though held in the afternoon as "Frolics" must be held, was a most enjoyable event. It was our "Big Affair".

When we came back in the fall of '30, we were "big shots". While other colleges lured away some of our worthy members, we caught in our fold others who kept our number constant. Our chests grew many inches in a few short weeks. At last we could hold our heads up.

This fall of '30 was a hectic event in our lives. We were responsible for initiating the newcomers into Mansfield life. Gone was that hunted look from our lives. It had fled to the "fledglings".

All during our Sophomore year we were striving for goals unattained here-to-fore. Our "Hop" was indeed a memorable event and goes a long way in filling in the social link of our chain.

However, not all our contributions to the college were along social lines. Athletics claimed her share of our members. Football, basketball and baseball line-ups were decidedly strengthened from among our ranks.

Another year and Mansfield history ends and we see that green group of '29 entering as the Juniors of '31. What a change has taken place. Faces and actions of that group have taken on a more intelligent aspect. We have finally grown out of the "kid-age", in which we thought it was fun to persecute the "Frosh". Instead, we now become fast friends of that group.

Athletics still holds her share of our members. Yet another type of activity attracts many from among us. This activity comprises the various educational fraternities on the campus. Some of our men have been claimed by Phi Sigma Pi. Some of both our men and women were called to Kappa Delta Pi and others to Pi Gamma Mu. Still others were pledged by Phi Mu Alpha. Our college rounding out process is nearing its completion.

Our dance this year was held in conjunction with the Senior dance for several reasons. It was, without a doubt, the biggest event in our career. We feel justly proud of our part in making it a success.

Now, we are approaching our final year in Mansfield. We look forward to it with a feeling of acute interest. We feel that, with our own past experience and the experience, including the mistakes, of those gone before us, we can make it our most successful. For it is said, "A fool makes a mistake once, but a ——— fool will make the same mistake many times."

A man who can be equally at home on the stage and in the classroom is Bill.

The Sophomore Class

To the upperclassmen, the arrival of the class of '34 on the campus was the "one more bunch of Frosh". They came from various walks of life, but all with a main purpose. Time smooths the roughest of corners and soon these verdant creatures were learning the lesson of adaptability. Talent has a property whereby it makes itself known. In groups and by individuals the class soon began to portray its worth.

Autumn ushered in a successful football season, none the less so for the aid given by various male members of the freshman class. The winter season saw a few wearers of the '34 competing on the wrestling mat.

"The Frosh Frolic", the annual event, in which all ingenuity and originality of the Freshmen class is accumulated, was a tremendous success. In this the class is indebted to the sponsors and officers for their hearty co-operation. This occasion was largely responsible for placing the Freshman class in the foreground of campus activities.

September 1931 found the erstwhile greenies back on the campus a bit older and wiser, ready to hand a greeting hand to those entering, and a co-operative one to those of superior years. There were many things yet to be learned, acquaintances to be formed and selections to be made.

Athletics again sounded the call to which the worthy men of '34 readily answered. Much skill asserted itself in such activities as football, intramural basketball and wrestling.

Fraternities, in recognition of worth, pledged many members into their midst. The newly organized Sinfonia Fraternity selected and accepted some Sophs. Others were pledged into Phi Sigma Pi.

The main purpose for which students enter college life is betterment of being. In retrospection of social, athletic and intellectual qualifications the class feels justly proud of its accomplishments. The past took care of itself, the present is fascinating, the future intangible.

The Freshman Class

With the advent of the fall of 1931 came we, the "Frosh", with unbounded hopes and expectations. These high aspirations, however, were soon diminished by the superior attitude of the upper classmen, who assumed a very patronizing air toward us. During the first week, with uncertainty and embarrassment we scurried around making our schedules and trying to locate our various classrooms. The entire student body being engrossed in the same thing, we escaped attention.

Very soon, however, we were subjected to the authority of the Tribunal and for the next four weeks we were the laughing stock of the entire student body. After a great deal of discussion our class decided to take the initiative in an effort to abolish this type of high school conduct, which has

heretofore been customary. Instead of the Tribunal we propose a reception committee whose purpose it will be to receive, and to make the new students as happy and comfortable as possible.

The benefits that we believe we will reap from the abolishing of hazing are: 1. Better class spirit. 2. Better cooperation between the various classes and faculty. 3. Better social conditions that will result in a more enjoyable college life. It is our request that classes that follow us will aid in carrying out this worthy plan.

Not only has the class of '35 the distinction of abolishing hazing but also we are the largest class in the college. Our number and soaring spirit has given us an envied position in our college life. In athletics, clubs and social functions we have taken an important and active part. It is our ambition that we will be a class of which M. S. T. C. will be justly proud.

Athletics in Mansfield

“Not that you won or lost, but how you played the game.”

Though we cannot boast of having put out championship teams, with the exception of our wrestling team who won every meet, we can at least say that we tried hard at everything. Our injuries and sickness more than once won many an opposing team's game for them.

Generally speaking though, we can safely say that sports at Mansfield are more and more advancing higher standards of play. Every year sees an improvement in some phase of athletic activity; this year witness our wrestling team. Too, this year has seen a very marked advance in student support and enthusiasm, due primarily to the efforts of the cheer leading squad, and the increased interest in the sports themselves.

Football season, though the percentage of losses was high, concluded with a victory and with a large group of new material more experienced and broken for the next season's frays.

Basketball season was fairly successful and again much new material was trained for the following year.

Wrestling, baseball, track and tennis are all very aptly discussed in the write-ups following these pages, so let us just conclude with a wish for better and bigger teams in the future, and an expressed admiration for the accomplishments of those of the past.

Football

Fall saw the opening of the football season all over the country. Mansfield joined in with much school spirit and a clean, hard-fighting outfit. Conditions didn't bring about a very strong and successful team for us this year, but this was due to heavier opponents. Our team suffered many injuries, which limited the season to one win, two ties and four losses. Even with these handicaps, the men played hard and fought earnestly to produce a winning team.

One of the fine features of the season was the very good and unusual spirit of the students. They cheered the team to do its utmost when the odds were heaviest against them. The splendid band and the bleachers all were contributing factors in showing the squad the school was behind them. Captain Frank Simms, Austin Snyder, George Bunnell, "Walt" Norton, "Charley" Schlappi, Gordon Lloyd, "Steve" Sunday, "Snake" Allis comprised the letter men of the team. Burnett, Gamble, Wilson, Stevenson, Helmer, Campi, Maynard, Salisbury, Smith and Besanceney comprised recruits of ability. The men who received the Varsity Award were the players: Captain Simms, Snyder, Allis, Bunnell, Lewis, Wilson, Salisbury, Roby, Besanceney, Lloyd, Schlappi, Burnett, Gamble, Maynard, Campi, Sunday and the manager, Barnett Corbin.

Mansfield ○

The season opener was played on a day rather suited to baseball than to football. Mansfield welcomed a new foe with an introduction to a scoreless tie. With the heat of the day slowing the game down, the ball was never-the-less continually in Millersville territory, our team nearly scoring three times.

Captain Simms, Snyder, Roby, Houseknecht, and Bunnell played fine line games, supporting adequately the rushes of the backfield comprising Allis, Lloyd, Burnett, Schlappi and Sunday.

Millersville ○

Simms has been a varsity man for four years at Mansfield, and during that time his work at center has been most noteworthy for his diagnosis of rival plays. On the offensive he has proven the value of a good center to any line, and proven the value of leader psychology to the team. Captain Simms put everything he had in the games and his spirit of fight helped to make an outfit of "Never say die" men.

Dickinson 50

Dickinson, a heavier, harder outfit, administered to us the worst defeat of the season in scoring results, in spite of which the team remained undiscouraged and unconquerable in spirit throughout the rest of the season. Six varsity men were unable to play because of injuries received in the Bloom game. Thus the crippled team had to depend on inexperienced men to carry the weight of all offense and defense. Kintner, Burnett, Wilcha, and Stevenson made a good showing by playing surpassingly good games. Though all played with plenty of vigor and fight, the team was unable to turn back the tide of Orangemen.

Stroudsburg 19

Stroudsburg had a fine team, yet the score fails to show the fight Mansfield made against them. We outpassed, outkicked and outfought Stroudsburg, but still we lost. The strong passing attack kept the rivals on edge every minute the game lasted. Many times Mansfield carried the ball for long gains on passes, only to lose these gains and advantages by fumbles in mud or by inability to crash the line. Stevenson, Schlappi, Allis, Burnett and Norton worked well for the backfield while Simms, Snyder, Wilson, Kintner, Gamble and Bunnell fought a hard clean game on the line.

Lock Haven 34

The second game, also at home, found Mansfield outweighed but not outplayed. From the starting whistle to the last, the Mountaineers fought hard to gain. In the first forty seconds of play Lock Haven scored on a kick-off. The ball which fell behind the goal line was recovered by one of their men. Hard fighting in the second half held down any great possibilities Lock Haven might have visualized, and allowed only seven points to be added to their score. The visitors were a well coached, powerful and weighty outfit. Captain Simms played his usual good brand of football, while Snyder, Besanceney, Maynard, Allis, Burnett, Merva and Lloyd played a steady skillful game.

Bloomsburg 12

Parents' Day saw another hard fought downfall against our oldest and greatest rival, Bloomsburg. The team tried desperately to place a gift in the laps of parents and friends but the breaks were for Bloomsburg, who took advantage of them all. Though it was a bitter struggle from start to finish success eluded Mansfield. Many of our men received injuries. Consequently, Captain Simms, Snyder, Lloyd, Allis, Schlappi and Houseknecht were out of the following game with Dickinson because of the Bloom fracas. The entire team played hard to win, for Parents' Day and old rivals are a combination that inspires fight.

Cortland 6

The first Mansfield score of the season came on the end of an eighty yard run with Norton carrying the ball and Captain Simms with the rest of the team furnishing the interference. Cortland had already scored but had failed to make the point as did Mansfield shortly afterward. Though we often had the ball within scoring distance, at one time within thirty inches of the goal line, it could not be placed across our opponents goal line. This was one of the most exciting games of the year for the spectators. Sunday, Burnett, Schlappi, Norton, Simms, Maynard, Gamble, Bunnell, and Besaneceny carried the game on their shoulders by splendid blocking, passing, kicking, interference and defensive work.

Kutztown 0

The last game of the season was a trip to Kutztown where a royal battle was staged. A hard fought game from start to finish ended with quite a few injuries for both teams. Mansfield completely outrushed, outpassed, outkicked and outfought their worthy opponents, who were kept on the defensive throughout the entire game, even though we were deprived of well earned scores by fumbles and penalties. These last games of the season ended with Mansfield gaining strength each game. Gamble, Sunday, and Allis made the touchdowns behind fine interference. Lewis, Sunday and Allis made the points after each score, thus ending the football season with a royal flourish.

Basketball

The basketball season followed in the footsteps of football with a fairly creditable showing for 1931-32. Considering the strength of the teams played, this was a season of twelve hard fought games.

The number of games won totaled five, while the triumphs of opponents were seven. The total points scored by Mansfield were 309, while worthy opponents chalked up a total of 52 more than our warriors.

Of last year's team we had five letter men; Lutes, Simms, Bunnell, Allis and Wydman. A few men of last year's standing won laurels once again this season. They were Marsh, Maynard, Simms, Bunnell, Allis. We were

exceedingly fortunate in Freshmen material as both Stevenson and Gamble were very valuable assets to the team. Not at all of less importance were Besanceney and Hendricks. All of these men except Simms, Allis and Wydman will be available for next year's season.

The Junior Varsity will contribute some strong material next year in Davis, Wilcha, Straughn and Doud.

All in all, with fairly large crowds and an enthusiastic band, the basketball season was quite a success.

Mansfield, 34; Alumni, 21

The opening game was one of the fastest and most exciting games of the year. The varsity sent down to defeat the strong alumni quintet of former State Champions. The alumni fought hard to get a lead, but their lack of training gave the edge to a fast varsity team who slowly forged ahead to win by a margin of 13 points.

Mansfield, 24; Ithaca, 26

The first intercollegiate game was a fast, hard game of basketball, that ended in a one basket lead. It was a contest well worth watching with the final result always in doubt. Mansfield led at the half, 13-11. The last half was slightly to the advantage of Ithaca, though our team struggled hard to win. A very well matched pair of teams was the verdict of the crowd.

Mansfield, 32; Lock Haven, 21

The next game was with a time-tried opponent, who slowly went down to defeat. The game was well played with Mansfield in the lead in the first half, with a score of 16-12. The last half, Mansfield drew away to score the second victory of the season. Stevenson led the scoring with a total of 13 points, made possible by the fine team-work of his team-mates, who chalked up the remainder of the points between them.

Mansfield, 27; Stroudsburg, 24

Stroudsburg visited us with one of the strongest teams that they ever sent to Mansfield from that college. At the half Mansfield led by four points, due to the fine team play. Gamble totaled ten points and the rest of the team came through with the remaining 17 points. This was one of the most exciting and hard played games of the season. This victory made three wins against one loss.

Mansfield, 24; Kutztown, 17

Kutztown, our new foe in the field, journeyed here only to be defeated in a hard fought game. They came full of revenge for the football defeat, but again found their purpose defeated by a strong fighting team. At the half period Kutztown led by two points, but Mansfield led by the scoring of Simms and Gamble fought through to the fourth victory.

Mansfield, 22; Ithaca, 52

This game was the worst defeat of the season to Mansfield, for they failed to stop the team from New York State on the small court at Ithaca. The small floor gave them a great advantage for using the five man stationary defense. The New Yorkers led at the half 22 to 9 and increased their lead during the last half. The team fought hard but vainly. Simms and Gamble were again high scorers.

First Row: Maynard, Bunnell, Stevenson, Gamble, Allis.
Second Row: Coach Marvin, Hendricks, Lutes, Marsh.

Mansfield, 27; Bloomsburg, 31

Mansfield lost a hard contest at Bloomsburg, with the closeness of the score forecasting that the results would be different on our own court. The first half Mansfield dragged behind a 13 to 18 score, but improved as the next half progressed just too late to score a victory.

Mansfield, 24; Dickinson, 35

Dickinson, with a fast team led by the diminutive Louis Freed, took advantage of the slump and came to the front with a margin of 11 points. Dickinson led first half 16-9, but during the last half the scoring was easier and the total mounted on both sides. Mansfield tried to throw off her cloak of lethargy but failed. Stevenson led the scoring for Mansfield.

Mansfield, 33; Stroudsburg, 52

Mansfield played Stroudsburg on the latter's court and lost by a large margin. Stroudsburg led at the half 21-12. Though we fought gamely Stroudsburg held the lead throughout the game. Maynard and Bunnell led the scoring for Mansfield.

Mansfield, 30; Bloomsburg, 21

As was somewhat forecasted by the close game at Bloomsburg, Mansfield handed a defeat to their guests on our home court. The game was very close throughout its duration. The score at the first half stood 11-7 for Mansfield, who kept the lead to finish 30-21. Stevenson led the scoring with 7 points.

Mansfield, 16; Lock Haven, 26

The game at Lock Haven was played under the handicap of sickness, with Stevenson and Allis both out of the game. For the first time in quite a number of years Mansfield suffered defeat at Lock Haven on their own court. It was quite a surprising result for our team. Gamble and Hendricks were high scorers of the game with four points each.

Mansfield, 16; Dickinson 28

The last game of the season was a defeat and a disappointing climax to a fairly successful season. The Dickinson outfit was a team of fast players, but they found a scrappy outfit against them. The final count netted them 12 points to the good. Simms and Allis, both veterans, played their last game for Mansfield. And thus we find that although we didn't win a majority of games during the season, we at least played them all hard and fairly, which is the true worth of all athletics.

Baseball and Wrestling

First Row: Williams, Sunday, Bunnell, Searcello.
Second Row: Crittenden, Warren, Wydman, Lutes, Yalch.

Base Ball

A forecast of the baseball season of 1932 appears particularly promising with a nucleus of eight men and many new men of untried possibilities. The outlook and write-up is of necessity merely a forecast.

The team this year will miss the services of Roderick, Dunbar, Wilkinson, Hartman and Carpenter along with their stabilizing influence. However, eight men of experience are on hand to carry the brunt of the season's games along with the inexperience of new teammates. Five of the men are letter men and veterans of the diamond. They are: Wydman, pitcher; Bunnell and Williams, infield; and Searcello and Sunday in the outfield. The remainder of the eight are men of some experience and will no doubt join the ranks of the letter men this season.

The schedule for this year includes contests with Cortland, Bucknell, Bloomsburg, Stroudsburg, Dickinson and Ithaca Physical Education College. There will be about fifteen games for the season total.

First Row: Bartoo, Bartoo, Roby, Lent, Riley, Rowe, Gould.
Secend Row: Coach Baird, Lewis, Ashkar, Bartoo, Lathrop, Raker, Besanceney, Pellegrino, Rapson, Coolbaugh.

Wrestling

The wrestling team of 1932 had the greatest success of any athletic team during the year. The team engaged in four meets and won them all. The class of opposition was high, although the season was short and meets far apart. This was due to difficulties met with in arranging a schedule.

The team started the season under the direction of Professor Baird of the local high school and under his skillful coaching soon rounded into shape, both in condition and skill. Several members of last year's squad proved that they were of first string caliber and together with several new men, they furnished the foundation of a clever, fast team. Captain Bartoo aided in the training of the squad, also Gomer Lewis in the capacity of Assistant Coach.

The first meet was with our old rivals from Stroudsburg. Captain Bartoo, Donald Bartoo, Rielly and Pelegrino won for Mansfield. Besanceney, Powers and Raker were victims of the skill of the visitors. The final score was 14-13 in our favor.

The second meet with Alfred J. V. was an interesting meet, but the visitors were no match for our grapplers, losing 15-8. Alfred varsity lost the same afternoon to Stroudsburg, proving that we probably would have taken them over as well as their J. V. team. All the winners of the first meet repeated in this one as did Roby, who had joined the squad by this time. Lent and Rowe lost hard battles to furnish Alfred with their only victories of the afternoon.

The next meet was with the Elmira Y. M. C. A. at Elmira. Here the team proved that they were as good away as they were at home by winning easily 14-8. Pelegrino got the first fall of the season on this trip. The Bartoo brothers won their matches, as did Rielly as usual. Lent and Rowe were the victims of the Elmira wrestlers' skill.

The final meet was with Ithaca College at Ithaca, the same week. This was a close battle all the way, but we finally came through with the victory 14-13. The Bartoos won as usual, also Roby. Rielly provided the margin needed for a victory by pinning his man for a fall. The second victory of the week on the road proved the real class of the team.

Captain Bartoo won all his matches, as did his brother, Donald. Rielly had four to his credit, Pelegrino had three and Roby the same amount. Lent was a clever wrestler, who had hard luck in several matches. In two matches Lent was sent in to play safe and his skill on the defense was sufficient to insure victory on both occasions. All these men are returning next year, and another great season should be in store for Mansfield.

The members of the team were:	Weight
Pelegrino	118
E. Bartoo	126
D. Bartoo	135
Rowe	145
Rielly	155
Roby	165
Lent	175

A. Gould had hard luck, being injured early in the season. Paris, Besanceney, and Powers took part in one meet. Ashcar, a regular from last season also was out all season because of injuries.

The results of the meets were as follows:

Mansfield	14	Stroudsburg	13
Mansfield	15	Alfred J. V.	8
Mansfield	14	Elmira Y. M. C. A.	8
Mansfield	14	Ithaca College	13

Minor Sports

First Row: Raker, Smith, Worthington, Taylor.
Second Row: Childs, Kintner, Johnson, Salisbury, Rapson.

Track

Track in Mansfield has undergone a period of rejuvenation in the past two years. In the spring of 1930 track appeared for the first time in a period of several years. Mansfield State was represented at several meets by Baker, Norton, Raker, Worthington, Powers and Fisk.

In the spring of 1931 all the old track men returned except Norton. With these men as a nucleus, and with the freshmen recruits, Coach Jupenz was confident of a winning team. From the beginning it was evident that the new-comers would give the old-timers a stiff fight for their places on the team. As it was, the following men forged their way up to a position on the team: Taylor, Kintner, Johnson, Childs, Salisbury, Schlappi and Kerr. These men represented the college at the Penn Relays in Philadelphia as well as at the Inter-Collegiate Track Meet at Penn State.

As early as the middle of February several of the men were out and pounding the cinders this year. The material certainly looks great.....come on gang.....let's put track on the map at Mansfield State!

Hess, Maynard, Marsh, Rowe

Tennis

Mansfield again is represented with a tennis team which showed up very well. Due to the excellent showing of the previous year's team and the whole-hearted support of the faculty and the student body Mansfield's Mountaineers made a very good record. This was due primarily to the coaching of Professor Edward Cornish, who devoted much of his time and energy to build up a strong aggregation.

This year's team will probably be composed of last year's remaining players who are; Adrian Rowe, John Maynard, Carlton Hess, and Howard Marsh. This year's incoming freshmen has shown a few new prospects who will seek places on the tennis team.

Mansfield's tennis team plays such colleges as Bloomsburg, Stroudsburg, Alfred University and Cortland. The 1932 team is looking forward for a hard and prosperous season. The only way you can tell what kind of a team we will have will be to come out to the matches that are to be played with the colleges mentioned. Good luck "Mountaineers".

Intramural Athletics

Intramural sports are fostered to promote good citizenship. They aid materially in bringing out the true character of the individual where one may readily realize the vital importance of cooperation. On organized athletic teams we must have this cooperation and its necessity stimulates our desire for it. We must have this teamwork and wholeheartedness to win. One needs only to have witnessed one of these class games to have seen the spirit and enthusiasm with which these games were played. The scores always managed to be close and the winners could not be safely predicted until after the final gun had cracked.

The second year of organized Intramural Basketball at Mansfield was most successful. Under the capable leadership of Elmore Pogar, chairman of Intramural Athletics, a committee arranged a schedule of twenty-four games. These games got under way immediately after the opening of the second semester, creating the interest which put Intramural Basketball on the school activities calendar as a permanent fixture. A constitution was drawn up by the committee and approved by the Student Government Association. The constitution specified that numerals should be awarded to those earning a definite number of points. Points were earned on the basis of the number of quarters played.

Class teams were organized and captains elected at the opening of the second semester. Johnson was chosen by his team-mates to lead the Seniors through the season. Helmer was elected to bear the staff for the Juniors. The Sophomores elected H. Johnson to pilot them over the rough waters. The Freshmen picked Coolidge to show them the way.

Once under way the schedule of games was followed very closely, with only three forfeitures. The Seniors started out with a bang by bowling over the Sophomores. The Juniors took the Frosh over the next afternoon. Then on the following evening the Seniors and Juniors tangled horns and were deadlocked at the end of four quarters. It was necessary to go two extra periods for the Seniors to bag the game, and then only by the scant margin of one point.

The scoring powers of the teams were very evenly matched. It is interesting to note that the Sophomores had an average score per game of 19 points; the Juniors, who were tied with the Sophomores for first place in standing, had an average $18\frac{1}{2}$ points; the Freshmen, who finished third, averaged $17\frac{1}{2}$ points; and the Seniors, who finished in last place, averaged $15\frac{1}{2}$ points per game.

The standing at the end of scheduled games:

Sophomores	7	5	.583
Juniors	7	5	.583
Freshmen	6	6	.500
Seniors	4	8	.333

The leaders in scoring were: Seniors, Marsh; Juniors, Worthington and Sunday; Sophomores, Johnson; Frosh, Zavacky and Etienne.

Girls' Athletics

Girls Athletics

Girl's athletics at M. S. T. C. are very closely correlated with the Girl's Athletic Club. After a girl has participated in a certain number of sports she is qualified to receive her block numerals. Continued participation of specific amounts will award her with her block letter "M" if she is a member of the Athletic Club.

In the fall hockey is the main supervised sport. This takes the form of interclass games. Because it is an out-of-door sport and because it provides for much needed exercise it arouses a great deal of excitement. Tennis and swimming also offer popular forms of athletic activity. The tennis courts are open to all students. The swimming pool is under the supervision of experienced Red Cross life-savers at all times. Special days are set aside for classes in beginning swimming and courses in life-saving.

The winter season brings basketball. This sport, like hockey, takes the form of intramural games. Outside of the exercise offered it offers opportunity for students to gain experience in refereeing.

Track and baseball are the main interests of the Spring season. None of the girl's athletics are inter-collegiate, so that these two sports are in the same form as those mentioned above.

Bowling is an all-year sport. Certain hours are set aside for the girls' use of the alleys. Some years there have been bowling tournaments. These have not been as successful as they might have been, but as the girls are continuing to use the alleys, time may make the sport more popular.

As was mentioned before, the girls' athletics are not on an inter-collegiate scale and consequently it is rather hard to talk of teams and contests, as most all the rivalry is between classes. However, in the sports mentioned, some girls are picked from the various classes to form their respective teams and many interesting contests are staged.

Book IV

Organizations

Organizations

Social Organizations

First Row: Corbin, Norbert, Strait, Pogar, Ingraham.
Second Row: Kintner, Snyder, Johnson, Rapson.

Y. M. C. A.

This one organization on the campus attempts to develop the young man spiritually, morally and socially. It forms a part of that world wide organization which brings to our campus problems from all over the world.

To maintain its standard the Y. M. C. A. conducts regular weekly devotional meetings where the young men are inspired by informal talks of a faculty member, outside speaker, or a fellow student. The annual dance, musical revue, party and hike are other phases of the yearly program of the "Y".

The "Y" Hut, a bungalow ninety by thirty-five feet situated south of the gymnasium, is the home of the organization. This in itself provides a moral atmosphere for the men. It serves as an informal gathering place where they may read, listen to the radio, play the piano, play pool, checkers or dominoes, and engage in various other phases of recreational activity. It is the final purpose of the "Y" to keep the best in the life of its members.

First Row: Clark, Bush, Miller, Milnes, Mallatien, Hewitt, Barner, Williams.
Second Row: Guild, Campbell, Miss Grigsby, Kushiba, Gerber.

Y. W. C. A.

Every girl may make her experience in this organization outstanding during her college life. To give each Y. W. C. A. member the opportunity to develop the social and the intellectual as well as the spiritual side of her character is the purpose of this one branch of a world-wide organization for Christian young women.

The Y. W. C. A. is a popular and active campus organization. Recreational activities which it sponsors are an annual reception, a play and a dance. The sale of candy, and sandwiches throughout the year furnishes additional funds for forwarding the work of the "Y". These funds make possible annual contributions to the National Student Council and the World Christian Federation. A portion of the money aids in local charity work at Christmas time; another portion sends delegates to the Forest Park Conference.

Religious activities consist of weekly devotional services in the "Y" rooms and occasional joint meetings with the Y. M. C. A. At these meetings members of the faculty and prominent townspeople deliver helpful talks. The lasting inspiration derived from both the social and religious activities by the girls is the realization of the aim of the Y. W. C. A.

First Row: Jupenlaz, Gwinn, Hutcheson, Chatterton, Marvin, Snyder, Llewellyn, Jerald, Corbin.
Second Row: Shulman, Schanbacher, Hardie, Evans, Chaffee, Cronshey.
Third Row: Wydman, Rubendall, Pogar, Martin, Gill, Pressell.
Fourth Row: Thomas, Bradford, Hart, Sypher, Thompson.
Fifth Row: Milliren, Kintner, Alger, Bennett.

The Dramatic Club

The aim of the society is not to develop the stage profession but to help the prospective teacher to correlate his abilities to the demands of education and future life; to develop the literary and dramatic appreciation that lies latent in all people; to give self-expression a prominent part in one's life. The outline of the club's program includes practical phases of work such as public speaking, play participation, make-up, costuming, stage and business managing. We may conclude from the projects that the club is extremely worthwhile and interesting. Pins are also awarded annually, upon the point system, to those members who have been outstanding and cooperative.

The Club presented two unusually clever plays this year. The first, "The Torchbearers", directed by Mr. Chatterton, portrayed in a satirical manner the zest with which enthusiastic society folks took up the "Little Theatre Movement". The second, "The Valiant", directed by Richard Hutcheson, carried out the theme "the Valiant never taste death but once." If we are to judge by the favorable comment received, neither was an amateur production.

The Art Club

Compared with the new societies springing up on the campus, the Art Club, organized in 1923, is beginning to feel old—old in experience, in the dignity of established customs, but not in spirit.

That same spirit which inspired the charter members motivates the present group. It is an investigating spirit, seeking to discover the beauty of life; it is a creative spirit bent upon producing useful and artistic things; it is a cooperative spirit, desiring to share its joys with other persons.

This year has successfully met this three-fold aim. Formal meetings have centered around the theme of Great Masters and their paintings. Work meetings have provided an occasion for the development of personal initiative and originality. The annual Art Week brought before the college some of the work of the club. The particular feature was a puppet show which the girls made and presented at this time. It delighted the producers quite as much as it did the audience—and that indeed is the real test of an artistic work.

First Row: Schlappi, Norton, Maynard, Bunnell, Crittenden, Norbert, Allis.
Second Row: Besanceney, Salisbury, Pogar, Lewis, Hutcheson.
Third Row: Corbin, Lloyd, Wilson, Roby.

The "M" Club

The "M" Club is an organization of men who have won the varsity letter awards in the sports of football, basketball, baseball, tennis, or wrestling. The Varsity Club promotes and encourages school spirit, sportsmanship and clean wholesome living. The "M" Club is a high ranking social club as well as a representation of the college athletics for men. It sponsors an open "M" dance given in the fall of the year; a vaudeville show, usually given in the spring; and a closed formal dance, exclusively for varsity men and their guests. To defray the expenses of the organization, the men sell tags and programs on a day known as "M" Club Day. The new sweaters of white; with the red "M" and black edging, plus red and black school colors around the upper arm of the left sleeve, lends a distinct feature of the Varsity member.

Girls' Athletic Club

The Girls' Athletic Club is a chapter of the Sportsmanship Brotherhood, a national organization, and through this affiliation a Good Sportsmanship Week was successfully sponsored for the third consecutive year. Through this activity the club aims to promote this spirit not only in contests, but also in everyday life.

For the main part all the girl athletics are sponsored by this club. Some of the sports are baseball, hockey, track, and basketball.

Another commendable project undertaken by the club was the establishment of a loan of one hundred and twenty-five dollars. This fund is available, preferably to any senior club member, to any senior girl.

First Row: Stewart, Walsh, Doughton, Young, Raker, Sunday, Hess, Miss Cornish, Davis, Diehl.
Second Row: Thomas, Smith, Cleveland, Rapson, Milliren, Childs, Lathrop, Lewis, Crittenden, Treat, Webster, Holcomb.

Rurban Club

The fundamental aim of the Rurban Club is to promote the general welfare of rural and urban schools. It accomplishes this aim by better preparation of the teachers who plan to engage in this important branch of school work. Other services of the club include the furnishing of extra equipment, such as books, manual training benches and athletic equipment to needy schools. The club also attempts to aid in solving the problems of rural schools.

Rurban Club Week, during which time the part played by the club in rural school work is emphasized, is an annual event of the college year. The monthly meetings, the Rurban Club picnic, and the Rurban Club play, add greatly to the social side of the club, and complete a well balanced club program.

Phi Sigma Pi

Phi Sigma Pi is the oldest fraternity on the Mansfield State Teachers College campus. The fraternity is a professional Educational fraternity for men in teacher training institutions. In order to be eligible, a student must have spent one year at the college and must possess superior scholarship.

Various professional meetings interest the members throughout the year, for at these meetings prominent members of the faculty address the group. The Founders' Day Banquet is the climax of the year's activities.

Dr. George McNair is the sponsor of Phi Sigma Pi in this college. Under his capable sponsorship, the chapter has grown to such an extent that its influence is felt in all worthwhile activities on the campus. Many of its members now in school hold responsible positions in the various organizations; those members who have been graduated are holding responsible positions in the teaching field.

The annual formal party was held at the Junior High School on the evening of March 12th.

Kappa Delta Pi

Kappa Delta Pi Honor Society was founded at the University of Illinois in March, 1911, and Beta Rho chapter of Kappa Delta Pi was installed in Mansfield in May, 1930, by Dr. Alfred Lawrence Hall-Quest, Columbia University.

The purposes of Kappa Delta Pi are to encourage a high degree of consecration to social service by developing professional and scholastic ideals, and to recognize outstanding service in the field of education.

During the meetings this year, various members of Kappa Delta Pi gave three minute talks dealing with current educational theories and policies, such as Hughes Mearns and his "Creative Youth" movement, and present economic and political situations.

Juniors and Seniors who have had six semester hours of education and who rank in the upper quartile of their class are eligible for membership.

First Row: Greeley, Williams, Isele, McCord, Hart, Oldfield, Belknap.
Second Row: Dawe, Hegmann, Zeller, Lloyd, Hallock, Gingrich.

Phi Mu Alpha

In the fall of 1930, certain members of the Music Supervisors' Course organized themselves into the Tri Beta Society with the hope of bringing to Mansfield a chapter of Phi Mu Alpha, Sinfonia, a National Professional Music Fraternity.

The Society's ambitions were finally realized and on May 26, 1931, Beta Omicron Chapter was installed on the campus.

Sinfonia, through its splendid fraternal spirit and common interests, binds its members into a cooperating group, whose aim is to further the cause of good music in America in any and all ways possible, and whose motto is, "The Manly Musician and the Musicianly Man."

Phi Mu Alpha has made its importance and merit felt on the campus by numerous concerts and musicales which are prepared and given throughout the year, not only at the college but in various communities. These programs consist of orchestral, ensemble, and solo interpretations of modern and classical composers.

Many new projects are in the making and Sinfonia is looking forward to a bright and happy future.

First Row: Clark, Norbert, Burns, Pogar, Bowen, Feig, Lang.
Second Row: Lent, Reinwald, Ransom, Lewis, O'Brien, Shoemaker.

Pi Gamma Mu

Kappa Chapter of Pi Gamma Mu was organized on May 18, 1931, by Mr. Cass. This National Honor Social Science Society was founded by Leroy Allen at Southwestern College in Winfield, Kansas, in 1924.

Last October there was a total number of one hundred twenty-two chapters in prominent universities and colleges throughout the country. The name Pi Gamma Mu is merely the Greek words meaning "Student of Social Science". The purpose of Pi Gamma Mu is the inculcation of ideals of scholarship, scientific attitude and method of social service, in the study of all social problems. Our motto is: "Ye shall know the truth and the truth shall make you free."

Juniors and seniors are eligible to Pi Gamma Mu who have twenty hours of social science work and an average of fifty honor points.

The active members this year number twenty-two, and of the alumni six. In the short time that the chapter has been organized, Pi Gamma Mu has earned for itself due recognition on the campus and in college.

Lambda Mu

Lambda Mu, a musical Sorority, was organized in the late fall of 1931 by members from the Junior and Senior classes of the Music Supervisors' Department. In the near future it hopes to become affiliated with a national musical sorority.

Lambda Mu, meaning Learning and Music, has for its ultimate objective: to foster and promote music and music interests through individual and group performances, teaching and the sponsoring of music programs; to afford opportunity and encouragement for the individual development of talents and interest in music; to foster and maintain high scholastic and professional standards; to promote loyalty and mutual helpfulness among its members; and finally through these channels to seek growth of character and development of personality.

A successful musical was presented in Straughn Hall February 12, 1932. The program consisted of two distinct parts. The first part presented the individual talent of the Sorority in solo and ensemble work. The second part consisted of the entire organization in a cantata, "The Walrus and the Carpenter", by Percy Fletcher.

Emersonian Literary Society

In the opinion of some thinkers, American colleges are rapidly becoming socialized. That is, most of the extra-curricular activities are becoming purely social organizations without any particular emphasis on the mental and cultural aspects of life. Why is this? Is it because the college students are becoming less intelligent or less ambitious, or is it because the curricula and class room is now so complex and difficult that some form of recreation or social activity is absolutely necessary to the health and well-being of the student?

We Emersonians believe that there is a real need in any college for an extra-curricular organization that studies and discusses for pure pleasure, the literatures, the arts, the philosophies and the rarer cultural values of life. And we have tried to find these pleasures in an informal and intellectual contact with each other. We have not always succeeded, but as long as a few are faithful, we will carry on in our eternal search for wit and wisdom.

The Latin Club

No one causation of mental by-play is capable of broadening and deepening the mental processes to the extent which our modern complex environment necessitates: if we, as a race of progressive humans, are to continue to elevate and improve our present standards, or even keep abreast of them. That thoughtful attitude which of necessity must stand back of all sound thinking is tremendously strengthened by the study of the Latin Classics.

We, as Latin students, are quite aware of the importance of the other fields of study. Life is a mighty and magnificent mosaic of our every experience. Each experience is a functional part of the whole unified structure. We cannot say the keystone to this wonderful edifice is more important than some other stone. Neither can we say that Latin is more important than some other subject. Yet we are compelled to say that Latin with its traditions and immortal truths will always hold a strategic point in this integrated whole which we call life.

Le Cercle Francais

Le Cercle Francais is primarily for those who are majoring in French and aims to furnish encouragement and opportunity in developing and using the skills of the language, literature, music, conversation, and customs of the French people. These aims are carried out by means of widely varied programs.

At each meeting, once each month, the president appoints a chairman to take charge of the program of the next meeting, thus the programs are interesting and of true educational value. Plays and dialogues present the French language as it is really spoken; vocal and instrumental selections acquaint the club members with French music; stories and poems read in French, talks on French habits and customs, games, folk songs and picture-slides all give a clear and intimate idea of the everyday life of the French nation. Practically every phrase of the meetings of the club is conducted in French.

Le Cercle Francais has recently purchased a portable phonograph which furnishes much entertainment with French speaking records as well as with music. This is not the goal, however, but only a beginning and promises come for more worthwhile things in the future.

Das Vereinein

Das Vereinein aims to create and foster an appreciation for German art, music, literature, and culture; to arouse and stimulate an interest in Germany, its people and its civilization.

In order to carry out these objectives, Das Vereinein sponsors each year, German Club Week. During German Week this year many interesting books about Germany, some of them written in Germany, were displayed in the library.

The regular meetings of Das Vereinein are devoted to a study and appreciation of German art and music; the discussion of modern political policies; and the development of our ability in speaking the German language.

Membership in Das Vereinein is limited to those who have had at least one semester of German or its equivalent.

The Cadence

This year "The Cadence" has numbered among its contributors Duncan McKenzie, M. A., of the Educational Department of the Carl Fischer, Inc.; C. C. Birchard, President of the Birchard Music Co; Karl W. Gehrrens, Director of Music Education at Oberlin College; Hollis Dann, Director of Music Education at New York University, and others.

Each year "The Cadence" publishes a special "Teacher Placement" edition which is sent to hundreds of school superintendents throughout the State of Pennsylvania. This edition includes a picture and a brief record of each graduate of the music department and a description of the college, and the music curriculum. By means of this issue of "The Cadence" the Music Department is able to place nearly all of its graduates.

"The Cadence" is financed by the Music Supervisors' Club and no advertisements of any kind are permitted in its columns.

It has been rated as a "Class A" collegiate publication in spite of the fact that it has been in existence only three years.

The Flashlight

The 1932 "Flashlight", a live-wire college newspaper, surpassed all previous attempts at journalistic excellence. Starting with but a skeleton of last year's staff, a complete reorganization of the personnel was made and the results showed the wisdom and effectiveness of the change. Faculty and student body alike commended the board for its efforts and attainments.

The board members showed their versatility and training through their contributions to the columns of the paper. Timely editorials, brilliant previews and reviews of entertainments and social affairs, descriptive sport write-ups, notes of club affairs, and "Stevie's" now famous "Cheerio" were all combined to produce the type of college newspaper that everyone desires his or her Alma Mater to have.

The "Flashlight" is indeed grateful for the support given to make the benefit movie a success. This affair is the only direct financial support which the paper asks during the year, the main burden of finance having been taken over by the State two years ago. This State aid together with a helpful sponsor and an ambitious chief editor, has carried the paper to the end of a successful season.

The Carontawan Board

Once again a Carontawan Board has bit by bit built up with hard and exacting work the fifteenth book of its kind. Few know or appreciate the amount of work done by such an organization in endeavoring to publish an annual that is complete and worthy of the class it represents.

Tritely but honestly we again express our admiration of former annuals and confess that we had of necessity to incorporate in this volume many of the fine parts of others. Thus we explain the likeness of some parts to former books.

However, we have attempted to improve this volume in many ways. An original theme constitutes a major part of this attempt along with several changes that we leave to your own discovery.

"The Little Town on the Hill" is indeed an apt expression of our life at Mansfield, so with an earnest wish for future improvement, we dedicate to the future this record of our deeds, organizations, life and thought, our "Carontawan".

Training School

Secondary Group IV

Each year brings many new recruits to join that ever increasing group of students taking subjects listed under the title of Secondary Four-Year Curriculum. The Secondary Course offers unlimited possibilities for those who wish to undertake it to obtain a wealth of knowledge as well as a basis for graduate work. The demand for intensive training on the part of teachers has led to the addition of studies from which the individual has a much wider field of selection. This course, in view of this, has for its basic elements English, Social Studies, Education, Psychology, Science and Physical Education. The majors are founded upon these, eighteen additional hours being required for the English and Social Studies majors; others requiring eighteen hours only.

The entrance requirement, demanding first an approved four-year high school course or its equivalent, has not changed. However, requirements in the group itself have been completely altered; the number of required and elective subjects in the major fields make up 131 hours, which makes a student eligible for his B. S. Degree. Formerly 136 hours were required to get this degree in Education.

During his last year, each student must teach for a period of 18 weeks in the Junior High School or Senior High School. Training under men and women, specialists in their fields, is carried on so that by the time he has completed his training, his ability to handle organizations, administrative duties, as well as teaching duties, is almost a surety.

The Junior High School

The Junior High School, in which the "Degree Seniors" do their practice teaching, is one of the most up-to-date buildings on the campus. The building and its furnishings are arranged to perform those functions in which a Junior High School is concerned. Everything is arranged to give the pupil every advantage and to give the teacher every opportunity for successful teaching.

Professor Myron E. Webster, with a group of assistants who are specialists in Junior High School problems and administrative duties, form an efficient guiding faculty.

Various courses of special interest to boys and girls are given. For the boys the school provides an excellent Industrial Art Course; for the girls a Home Economics Course provides adequate opportunity to develop the home sciences. Another feature is the number of clubs, the interest in which precludes the absence of any child.

A pupil who has been graduated from the Junior High School has a firm basis on which to build himself in the way of other studies. He has explored the various curricula and is prepared for some achievement, the goal set or suggested by this exploration. In this the Junior High School is proving itself one of the most efficient organizations on the campus.

The Training School

The Training School, as its name implies, is a training institution. To the children it is training in the primary and elementary subjects up to and including the sixth grade. These children receive the best of training from efficiently supervised student teachers who put into actual practice the theories gleaned from intensive study of courses in both primary and elementary fields.

We, the student teachers of the Training School, like to think of our experiences there as a sort of play. Shakespeare says, "Life is a stage and we are but actors thereon". We are not quite prepared for this "stage of the world"; so we train upon the stage, the Training School, as an actor trains before he ventures before the public eye. Again like the actor, we have highly trained corps of directors or supervisors, under the competent direction of Mr. George A. Retan, who advise and help us put into effective practice the most efficient methods of our chosen profession.

Music Supervisors' Club

To talk of the Music Education Department without mentioning the Music Supervisors' Club would be like playing Hamlet with Hamlet left out, for if there is any organization that fosters and promotes music and music interest, it is the Music Supervisors' Club. It is the largest and most representative organization within the Department, its membership including all the faculty and students enrolled in the Music Supervisor's Course.

The club has access to the Robert W. Cowles Memorial Foundation which is a loan fund established by the parents, relatives and friends of "Sunshine Bob", who died a few years ago. It has helped many a senior to complete his music education and each year finds more people benefited by it.

The entire organization meets a second time each week in chorus rehearsal. The chorus numbers 150 voices under the able direction of the Dean of Music, Mrs. Grace E. Steadman. The hour is devoted to practicing for an annual sacred and secular concert. The sacred concert is always given at Easter. This year the chorus sang "Victory Divine" by Marks. The secular concert, which was given in April, included "Ah, You Would See" by Palestrina; several early English madrigals; Bach's "Peasant Cantata"; "The Sleigh" by Kountz; "The Singers", a cantata by Harvey Gaul; and Mabel W. Daniel's "Holiday Fantasie".

The successful revival of opera last year with the "Chimes of Normandy" is the cause for the newest organization within the Music Department, namely, the Opera Club. The purpose of this club is to promote and direct the production of the opera which is to be given annually at Commencement. This year the production will be Reginald De Koven's Robin Hood which is the standard by which all other American Light Operas are measured. With the production of this opera, the entire Music Department can close another successful year in the promotion of the cause of music.

First Row: Millis, Darrow, Newman, Atwater, Steadman, Brooks, Perkins, Smith, Gordnier, Marshall.

The Vested Choir

Within the short period of two years the Vested Choir has established itself as one of the leading choral organizations on the campus. It is a group of fifty selected voices ideally balanced. The singers, garbed in their black cassocks and white cottas present a striking appearance and lend dignity to any program.

The repertoire includes the best of sacred and secular music and is selected from both the classic and modern schools. The music affords excellent opportunities for solo and quartet work as well as a capella ensembles. Under the capable direction of Mrs. Steadman, Director of Music Education, the choir is able to supply the best at any occasion.

On Parents' Day the choir sang the renowned "Bridal Chorus" from Cowen's "Rose Maiden" and repeated it a few weeks later at a county D. A. R. meeting in Straughn Hall. During the year one Vesper service was given over to a concert of oratorio choruses. Other numbers which were used at the Vesper services were: "The Spirit in our Hearts"—Shelley, "How Lovely are the Messengers"—Mendelssohn, and "A Legend"—Tschaikowsky.

First Row: Reem, Crist, Coolidge, Dunlop, Hart, Dr. Butler, Anders, Bush, Williams, Martin, Monks.

The Symphony Orchestra

We are indeed fortunate to have within our Music Department a symphony orchestra which is capable of bringing to us some of the great symphonies. The orchestra has been one of the outstanding musical organizations within the college and has been for many years under the direction of Dr. Will George Butler. It has grown steadily until it now numbers sixty pieces distributed in four well-balanced symphonic choirs. The value of such an organization lies not only in developing proficiency as a player but also in stimulating appreciation through participation.

During the year the orchestra gave two Vesper concerts and early in the fall played on the Parents' Day program as well as at a District D. A. R. meeting in Straughn Hall. In November the entire organization journeyed to Elmira and played its fifth annual concert there. Besides these the orchestra appeared three times a week in the college chapel, featuring a special number once a week and never failing to play a "going-out" march.

First Row: Cronshey, Enck, Wooten, Wilson, Corno, Soper, Neff, Iorio.
 Second row: Stevens, Milnes, Zavacky, Mumford, McCurdy, Coles, Woodard, Soper, Bailey.

The Band

From the first official whistle on the gridiron to the last address on Commencement Day, the College Band functions as an important part of college activities, assisting not only within the Music Department, but also within the field of athletic and social events.

The Concert Band, which is under the direction of Mr. Myers, has a personnel of fifty members. This includes a full representation in all the choirs. This year the band added a full quartet of horns to its horn section and a pair of oboes and bassoons, thus enabling it to enlarge its repertoire with some fine concert numbers.

The band played on Parents' Day and at the District D. A. R. meeting early in the fall, and appeared in concert in a Vesper service in November. Downtown the group played at a local Grange meeting, at the Fair, and at a gathering of Boy Scout Workers of the General Sullivan Council. Besides these it presided every Thursday morning in chapel and delighted the audience every two weeks with a special number which was occasionally read at sight.

Left to Right: Dawe, McCord, Smith, Hallock, Ayers, Zeller, Morrison, Brace, Ritter.

The Pedagogues

A college without a good dance band? Impossible!
 Solution: "The Pedagogues".

The opening of the 1931-32 school year witnessed the organization of "The Pedagogues" by Howard Hallock.

This organization composed of some of the finest dance musicians the college had to offer, provided us with the very latest and best to be had in dance music this year.

Versatility, pep, novelty and varied style enabled this band to give us music of a highly pleasing character.

The Domicilian Club

Are you a Home Economics student? If so you may join our club, which has for its emblem the Greek letters "Omicron Gamma Pi"—"Homemaking, to know and to teach".

Throughout the year the club has sponsored various speakers along different lines. Mrs. Anna Burdick, of the Federal Board, Washington, D. C., was the first, speaking about the present economic and industrial problems and counseling us to "Welcome changes—new developments—as one welcomes a friend, and speed the obsolete as one speeds a parting guest."

Mr. L. H. Dennis, Deputy Superintendent, and Mr. Klonower, of the Teacher Placement Bureau, encouraged us by saying that we were pioneers in our field, and that Mansfield was fast gaining recognition in the East for its Home Economics course. "Come on, 'Home Ec'ers', three cheers for M. S. T. C.!"

Home Economics

The Home Economics Department has been the smallest group on the campus. At last it is growing rapidly. With rapid growth more space and additional teachers are necessary. To provide for this development another room for a clothing laboratory has been made on sixth floor. Miss Ada Dinsmore became a member of the Home Economics staff at the beginning of the second nine weeks.

With the larger enrollment it is necessary to keep the Home Management House and the School Lunch in operation for both semesters.

This year the Mansfield Senior High School has added a Vocational department. Student teachers gain experience in teaching both General and Vocational Home Economics during the Junior year.

The unit kitchen and dining-room recently added at the Junior High School gives practice in teaching on the unit basis. This unit work supplies the need for preparing and serving food in a family environment.

For the first time the Child Development Class has tried a short period of organized play with the Nursery School children. This was done with the aid of the Music Supervisors.

In the past year we have obtained State Vocational Aid, necessitating a reorganization. Miss Hartman became the Supervisor of Vocational Student Teaching. Under this procedure the number of students in laboratory sections is limited. It will be interesting to watch the development of the department in the next few years to see what comes forth. May it reach our highest expectations.

“School Life”

The Waiters' Force

Let's all give three cheers for the best organization, and the most popular, on the campus. For the first time in the history of the Carontawan, a real, authentic picture of a live and hustling organization, our Waiters' Force, is given a place in the Year Book.

Seriously through, the Waiters' Force is one of the best organized groups in the school. Under the able direction of Miss Mulcaster, the force has been so organized that within the shortest possible time every table in the dining hall is provided with the best hot foods, with no confusion or great amount of noise.

So if you believe it or not, everyone likes his job, for the waiters' tables, no matter which one, are the most cheerful and good humored tables in the dining hall.

Senior-Junior Ball

There are dances—and dances, but, of all the successful dances of the year, the Senior-Junior Ball stands out in the foreground. This dance, representing the efforts and pleasures of the classes of '32 and '33, climaxed a very enjoyable social year. In programs, favors, refreshments, decorations, and music, the combined dance was one which everyone who attended will long remember. The Juniors and Seniors, sensing that the time was propitious for such an undertaking, joined together to promote their annual dances and the result was an enjoyable evening from the minute C. Lloyd Major led his eleven piece orchestra in the opening strains of the modern music which they produced until the final notes of the last number had faded away. The idea of a combined dance was a new one to the campus and met with the instant approval of every one concerned. The class of '32 had been famous for the dances put on under its auspices, and, with the aid of the class of '33, gave the lovers of the terpsichorean means of expression an evening's entertainment which they will remember as long as they remember their Alma Mater.

The first requisite for a successful dance is a competent orchestra. In casting about for an ensemble which would dispense the music demanded by a discriminating crowd, the committee hit upon C. Lloyd Major and his orchestra. It would be hard to name an aggregation which would have been more satisfactory to the patrons of the Senior-Junior Ball than this one. Fresh from many engagements in a large number of the large colleges and universities, broadcasting, and recording jobs, this organization of trained musicians presented a type of music which from the comment heard during and after the dance, was more than acceptable.

The program and favor committee, after much consideration, finally decided upon favors which would be useful and ornamental, as well, and produced for the couples attending, a set of book-ends for each individual. Through careful and judicious work on the part of the committee a style of book-end was secured which was far superior to the usual run. Made of hammered brass, with the Mansfield emblem topping it all off, the favors were favorably received. Much credit must be given to the individuals who secured such a novel and satisfactory type of favor.

The College Gym was decorated in the modernistic mode. Silhouettes adorned the wall and the black and white decorations certainly transformed the scene of the evening's festivities. At every hand was the evidence of true artists' work.

In keeping with the rest of the evening the refreshments were very delightful. Served in the Dining Room in a modern manner, they revived the dancers sufficiently to allow them to go back to the dance floor with the ability to enjoy the rest of the evening as much, if no more, than they had the preceding part.

As the opening sentence stated, "There are dances—and dances"; the Senior-Junior Ball is clearly out in front in the line of social endeavors of the past few years. Lacking the stiff formality so many times present, the dance created an atmosphere of refinement and enjoyment which is, after all, the mark of a successful dance.

Annual "Y" Dance

The annual "Y" dance was held in the college gym December 12, 1931. The gym was neatly decorated, being very simple, but attractive. The music was furnished by Hallock's Aces. The dance was enjoyed by all the "Y" members and their friends. The refreshments being served completed the evening when the hour of 9:30 came and everybody reported an enjoyable evening.

Martha Washington Ball

The women of the Y. W. C. A. and their guests honored the memory of Martha Washington by a dance in the gym on the evening of February 6.

The red, white and blue decorations were appropriate for this bicentennial year. Several snappy entertainment numbers were featured and "Dud" Wilson's "Red and Black Pennsylvanians" sent popular strains, through the medium of ether waves, to the dancers.

The Sophomore Hop

The Battle of Yorktown was re-enacted in the Gym on the night of February 20th. The Class of '34, under the leadership of their president, Harry Swain, was on the offense. The "battlefield" was arrayed in red, white and blue, and everything from the programs to the punch was a remembrance of George Washington. The greatest bombardment took place when the many colored balloons, which were a part of the decorations, exploded.

The music was supplied by none other than the famous "Red and Black Pennsylvanians" under the direction of "Dud" Wilson.

At precisely 10:30 o'clock, taps were sounded from somewhere in the orchestra, so all took the hint and, as George Washington would say, "repaired immediately to other quarters."

Freshman Frolic

True again the Freshman class came out with one of its fine dances, which was held in the Gym on the afternoon of January 16th. As this dance was the opening for the other class dances, the class of 1935 did put up a great showing, which was due to the following:

The decorations committee, with Ralph Stevens as chairman, took it upon itself to make a good showing. This was shown by the simple and splendid way the Gym was decorated with crepe paper. The programs were very well selected by the committee and they must also be congratulated for their work.

The music for the afternoon was furnished by "The Pedagogues", which was pleasing to the ear. From the time the dance began until it had passed into history, all can say that they had a good time.

The last thing is the refreshments which set off the afternoon by the punch and cakes that were served. And now we wish to show our appreciation to those who made the dance possible, namely, committees, sponsors, officers, and orchestra. Wait till next year.

The "M" Club Dances

THE "M" CLUB OPEN DANCE

One of the traditional dances of Mansfield's social life is the dance held by the athletes of the college in behalf of the student body of the campus. This year the setting was found in the last act of the football season, thus bringing down the curtain through the charms of Terpsichore and Apollo.

In spite of the depression the varsity men furnished through the medium of Hallock's Pedagogues, music of excellent quality. This dance is a means that "M" Club members have of showing their general appreciation of the students' loyal support of college athletics. The dance was received with open arms by all; it ended with everyone happy and thoroughly satisfied as to the "M" Club's efficiency as a host.

PRIVATE "M" CLUB DANCE

One of the most charming and elite dances of the year is the private dance sponsored by the "M" Club for its members and their guests. The atmosphere that prevails reminds one of a very fine old masterpiece of art in which a beautiful night, a beautiful lady and fine music enable a man to reach greater heights of esthetic enjoyment.

The difference of being in the Gym of the Junior High School, combined with the spicy music of Hallock's Pedagogues, lends this atmosphere to the gay and colorful evening. The dance, which began at 6:45 and lasted until 10:15, left no room for doubt in the minds of the dancers as to which dance was the social event of the season.

Chronicles

Sept. 7. "No, they really haven't opened school yet, but those people are the "teaching Seniors". By the way some people say it you'd think it was a strange animal, but the Freshmen look awed. We ate out on the porch and everything. The affair reminded us of the jailor who was kind to the prisoner the day before the execution.

Sept. 8. "Hello, did you have a nice summer?" Don't count the times you heard that. Dr. Pike doesn't come here until much later. If there is anyone more dazed looking than a Frosh who has just arrived it's a Frosh who is trying to register. But don't you think those blue and white placards and arrows were helpful?

The Y. W. welcomed the girls on the "Y" porch in the afternoon. The punch was very good, ask we won't betray her.

Sept. 9. The first assembly in the auditorium. It is thrilling to sing together for the first time. After much struggle with the intricacies of program making, the Freshmen were glad to be taken for a tour of the campus. Back to Straughn Hall where we discover just what was the "Last of the Lone Wolf".

Sept. 10. Classes, my dear! But what did you come here for? The faculty welcomed us at night with a reception in the gym, and so we meet them again today.

Sept. 11. Y. W. and Council joined forces to give the girls a party in the "Y" rooms. Norie popped all that corn with a popper that wouldn't work. She shouldn't be teaching school.

Those people who went downtown to the movies were much at home, the seats hadn't been fixed.

Sept. 12. Actually, breakfast is at 6:50. What will we ever do this winter if we wait for the roommate to put down the windows? Do you have Saturday classes?

Sept. 13. The girls got a late breakfast—. Tena acquitted herself well as and after (?) breakfast speaker. Besides the waitresses at that last table down were a bit noisy. Dr. Straughn spoke at the first vesper service.

Sept. 15. The first housemeeting of the year is held in the gym. Was it Iorio who thought the girls were afraid to go in?

Sept. 19. Dr. McNair spoke at the first "Y" service.

Sept. 19. The Fair is over and all those people who have been getting out of classes are through; time to study again. Movies in the auditorium, "The Lady from Nowhere".

Sept. 21. The Freshmen are going to classes

The Sophomores are going to,
So is everybody else we hope.

Sept. 23. Another break for the Band. They spent the day in Blossburg, assisting in the dedication of a monument. Perhaps they blew it up!

Sept. 24. Phi Sigma Pi picnics at Robin Hood.

Sept. 25. "Charley's Aunt" is responsible for all that volume of sound issuing from the auditorium. Who would have thought we could be so noisy, even in fun?

Sept. 26. Miss Grigsby entertains the Y. W. Cabinet at tea in the afternoon. The Freshmen didn't enjoy their afternoon so much, poor things! Besides, when those boys grow up perhaps they'll learn that a cemetery is not a nice place for a nocturnal visit.

The "Y" reception proves to be a delightful affair. Enter the King!

Sept. 28. Did you hear the one about the Junior who couldn't go to class because he couldn't find the room.

Oct. 2. Leon Pearson lectures on American ballads.

Oct. 3. The drill band leads the parade to the park. Another innovation is the bleachers. But all this is merely setting for the game which ends heart-breakingly 0-0.

Oct. 5. "The Man from White's"! Sounds like a murder mystery, but it's only that the Seniors are having their pictures taken.

Oct. 6. Sign up for the Carontawan now!!! The editor explained in chapel just what you have to do.

Oct. 8. Kappa Delta Pi holds its first meeting of the year. Dr. Kelknap according to our president, is to shed darkness on a dark subject. We enjoy the twilight.

Oct. 9. Big game tomorrow! After the movie "Rain or Shine" everybody marches in the big parade lighted by torches and led by the drill band. What a parade!!!

Oct. 10. Loek Haven 33—Mansfield 0. There aren't any words.

Oct. 11. Bishop Brown speaks at the Union Vesper service in Straughn Hall in the evening of a rainy Sunday in Mansfield. Some alleviation for the gloom.

Oct. 13. Everybody leans out of the window in delight. Frost last night! Some of the girls have actually stayed here for two weeks. They're homesick!

Oct. 16. Parents' Day tomorrow and everyone is cleaning up. "Africa Speaks" before the parade and Pep meeting.

Oct. 17. If you count the hours patiently enough the time comes at last when you can say "now"—and Parents' Day is here. The weather is as usual, but that game—too bad. Some of us

are lucky enough to have our parents stay over for the lecture in the evening. If such days would only last.

Oct. 18. Most everyone is gone somewhere, the dining room looks positively empty.

Oct. 19. Tena Marvin takes the Council home with her for a chicken dinner. What a break for them!!

Pi Gamma Mu holds a meeting in the "Y" rooms. Having all these fraternities around, we feel important.

Oct. 20. Ruthie Hoffman tells us in house meeting that Nettie appreciates the fact that we left the dust in our rooms instead of brushing it in the halls.

Oct. 21. German Club meets at Miss Gillette's and everyone has a lot of fun. If the president will ask questions in German, why worry if he is answered in that language?

Oct. 23. "The College Flapper" brings everyone down to Straughn Hall at 8:00. What an awful mix-up! We never thought such awful things of Mr. Feig before, but what a flirt he is!

Oct. 24. If Senior pictures arrive every day, Senior conceit would vanish from the campus forever. Do we really look like that, or is there some consolation for us? The Arcade is become a picture gallery and the object is to see how many sets you can see between change of classes.

Oct. 25. The Band entertains at vespers.

Oct. 27. Rainy all day, total loss!

Oct. 29. Y. W. calls together a few ghosts and witches for the benefit of the girls, while Dr. Straughn, who is neither, talks to the Y. M.

Oct. 30. The weird and uncanny beings of Mansfield convene in the gym for a Hallowe'en party. Among all the ghosts and goblins mingled with more prosaic people, we find it hard to locate all or any of our friends.

Oct. 31. "The Cotter's Saturday

Night" is presented to us. Did you ever know that one of our sedate Seniors practiced the laughing song for two days afterward?

Nov. 1. Another month gone, Exams are upon us, which fact accounts for the cheerful faces. It is as though the spirits of all those unstudied lessons rose in revenge.

Nov. 4. French Club meets at 7:30 in the "Y" rooms. The program was to be a surprise, the thing is a secret.

Nov. 6. The first snow of the year!

Nov. 8. Dr. McNair speaks in vespers.

Nov. 9. Teaching Seniors receive their marks tomorrow. The only thing we advocate is to peruse Browning and think, "Who knows but the world may end to-night"?

Nov. 11. Armistice Day. Dr. Straughn is the speaker of the day. All those without classes (notice the "without") repair to Smythe Park.

Nov. 12. Kappa Delta Pi initiates its new members. Harold Baynes developed a complex against forks—you'd never have suspected it.

Nov. 13. Friday, the thirteenth. The representative of Murray Dance Studios explains dancing to us; the explanation followed by a grand exodus to the gym to practice.

Nov. 14. Mansfield wins at football over Kutztown!!!! The D. A. R. meets in Straughn Hall at 2:30 to be entertained by the College music faculty and students. "Cyrano de Bergerac" in the evening with Mr. Ross at the organ. It was such an interesting day that it hardly seemed like Saturday.

Nov. 15. Union Vesper service. The minister from the First Baptist Church in Elmira speaks and the orchestra plays.

Nov. 16. The first, last and only bonfire of the season!! But we had at least one—the fire, the teams, the band, the cheerleaders, and all the rest.

Nov. 21. Another movie, "Meet the

Wife". Here is a proposition. Let's film our own movies.

Nov. 22. The orchestra journeys to Elmira.

Vespers . . . and everybody sings the hymns.

Nov. 24. "The Torchbearers" shed light upon us this evening. The Dramatic Club play is presented with their usual great success.

Nov. 25. At last! Vacation begins at noon today. We're off in all directions for a good time.

Nov. 30. And now that you're back, tell us about it. It's cruelty to expect us to attend classes.

Dec. 1. First day of classes after vacation. Decide for yourself what we did.

Dec. 2. The French Club tries out the new Victrola which they just purchased. When this class leaves they should buy Mr. Manser a new record of Massenet's "Elegie".

Dec. 3. Dr. Butler talks on Christmas music in Y. W. It is a most interesting discussion.

Dec. 4. Towanda High School music department presents a program in the auditorium in the afternoon. Mansfield High School presents "Anne's Little Affair" in the evening.

Dec. 5. Everyone journeys Straughn Hallward in the evening to hear "Tales of Hoffman" presented by an opera company.

Dec. 9. Miss Cook meets the presidents of all campus organizations. But they are only to give the work to someone else to do. Luck!

Dec. 14. Carol singing in the lobby—the first this year. Maybe Christmas is coming.

Dec. 17. The Emersonians entertain us with a play and a program of music. A very interesting evening.

Dec. 18. The evening finds us much impressed by the play, "The Valiant". The actors are to be greatly commended

for their good work, resulting in a finished production.

Dec. 19. All that noise and singing in the dining room means the Christmas party. Follow us all to the gym for the dance.

Dec. 21. Program in the Junior High for the purpose of selling Christmas seals. We have it on good authority that a great many couples felt the need to help and attended.

Das Vereinlein celebrated the season in the Faculty club house.

Dec. 22. The last day before vacation, and it had to find us rather disinclined for classes. Dance in the gym.

Dec. 23. Good-bye everybody! Have a nice vacation.

Jan. 4. All those cheerful looking people are Seniors who came back early to teach.

Jan. 8. Jan Chiapusso appears in a most interesting piano recital.

Jan. 9. Our Varsity defeats an Alumni basketball team in a good game.

Jan. 10. The Vested Choir, with Miss Brooks at the organ, provides an especially good Vesper service.

Jan. 11. Dr. Gwinn gives a talk at the meeting of Pi Gamma Mu.

Jan. 13. Ithaca Physical Ed. defeats our basketball team in a very exciting game. Too bad, but we hope for better things.

Jan. 14. Mr. Ross at the organ made the joint "Y" meeting a good place to be. Dr. Gwinn in Kappa Delta Pi.

Jan. 15. The End of the Semester! Graduation in chapel for some of us. Good luck to you who are leaving!

Jan. 16. The very end of the semester and the returns are beginning to come in. A most satisfying kind of day for we defeated Stroudsburg in both wrestling and in basketball. Until next semester, which is Monday.

January 18. New programs, new classes, but after all it's still work.

Dance in the gym, but some people actually went to the library to study. It makes your head fairly ache to think of the work some people are expecting to do.

Jan. 20. The whole college is shocked and saddened by the terrible accident of last night. Thomas Evans and Kelley Walsh are killed and Nathan Trexler and Cameron Griffiths are injured in an automobile wreck. Word didn't reach here until 7:30.

Jan. 22. Yes, the magician was good, but Dr. Doughton says only children or feeble-minded are apt to understand the tricks. Just a hint—say you didn't anyway.

Jan. 23. Mansfield vs. Lock Haven, and we win.

Jan. 24. Dr. Straughn speaks in a Community Vesper service, which is especially good.

Jan. 27. Chicken dinner, actually. Three cheers for Miss Mulcaster.

Jan. 28. Dr. E. M. Swan reads "The Everlasting Mercy" in Y. W.

Jan. 29. And the "Connecticut Yankee" banished all those depressions and blues and troubles and worries et cetera.

Jan. 30. German Club plays and dance. "Dawn" and "Converting Bruce", but did Bruce get converted or was he that way all the time? You never can tell.

Feb. 4. The "white dinner" provided a very festive occasion for everyone, even the boys get decorated tables this year. But Y. W. has a musical program afterward in which we hear many of our favorite performers.

Feb. 5. The band comes across with something a bit different this morning, a trumpet duet with band accompaniment. We wouldn't object to something like that more often. At night Mansfield plays Kutztown in basketball. 7-0 for Kutztown at the end of the first quarter. Then our fellows come back

and we win 24-17. More games like that and there wouldn't be any roof left on the gym.

Feb. 6. The Y. W. dance attracts a great many of our "week-enders" to the gym. "Martha Washington's Ball" turns out to be rather more modern than it sounds, and if you didn't have a good time it must have been your fault.

Feb. 7. How many people read Philosophy of Ed. on Sunday morning? The total would be amazing.

Feb. 8. The new moon tonight.

Feb. 9. Everybody got up and went to classes after breakfast. After three or four classes it was time for lunch and then maybe another class. Everybody worked all afternoon, and then after dinner everybody studied some more and then at 10:00 everybody's lights were out.

Feb. 11. We help Abraham celebrate his birthday . . . chicken and ice cream and coffee. There's no doubt about it, Lincoln was a great man.

Feb. 13. "Broken Dishes" on the 13th, but there wasn't any connection really. It would be rather good fun to smash everything up as thoroughly as that upon occasion. The only thing is somebody might say something afterward.

Feb. 14. Valentine's Day. That's enough to say in a case like that, there's a danger of saying too much.

Feb. 16. House meeting in the gym. Men's meeting in Room E. Sometimes it is positively necessary to have something different like that.

Feb. 17. Three cheers for somebody! Breakfast is to be five minutes later now. If things keep on like this we won't recognize the place. Maybe a few of the girls will be able to get their hair really fixed to stay up now.

Feb. 19. Pi Gamma Mu has a chicken dinner with Amie Lang. By the reports they certainly did ample justice to her cooking. We suggest that next time they bring illustrations for their reports.

The operetta, "Oh Doctor" at the Senior High. It proves very successful. Maybe the Senior Music Sups can become human again for awhile. And those boys who had to wait down there until rehearsals were over can catch up in their rest.

Feb. 20. Movie permission downtown.

Feb. 22. Some reels made for the celebration of Washington's birthday are shown in chapel this morning. Cherry pie for this birthday. It's not fair. If he could know that we had ice cream for Lincoln he might feel jealous or something. Maybe there's trouble across the River Styx.

Feb. 28. The Phi Sigma Pi fellows initiate several new members tonight. The question always remains . . . do they have initiations to initiate new members or to give them another opportunity to go down town to eat?

Feb. 26. False Spring today. Shut your eyes and believe it's April, you'd get near enough to get fooled anyway. The "Spirit of Notre Dame" at night. Good movie.

Feb. 27. Rurban Club presents "Apple Blossom Time". If you saw it you won't forget Jane Diehl in a hurry, and her "Cal, oh, Cal!" That's the way to get what you want. Park the constable outside the door and then proceed. Try it on the teachers to raise your mark. Someone said that plays are a medium to get new styles, but if styles in flowers are Pete's decoration, we'll need a new Burbank, methinks.

Feb. 29. This should have been an extra special day. Nobody will have another again in four years.

March 1. The debating team makes the first appearance of the season. The affirmative team defeated Susquehanna University but the negative was defeated. At any rate they deserve congratulations. It was good work.

March 4. "The Brat" provides a lot of fun for us. "The Brat", herself, required a clever piece of acting, and she received it. And that wine . . . just supposing somebody had put something awful tasting in that, and then the boys would have had to drink it anyway. Miss Grigsby took the cast home with her afterward and they came up at 11:00.

March 5. Game in the gym. Mansfield vs. Dickinson. I think that's as far as this history will go.

March 6. And did it snow! Well, it came down in tons. The lights went out, and there were little lanterns in the halls. All the buses stopped and if you were here, you were, but if you weren't, you just didn't get there.

March 7. Half the people out of classes and the whole place rocking with the biggest item of news since . . . before the big storm. Lindbergh's baby is to be left at the X-Trail. Cheesman's did a rushing business on Coco Cola. That poor baby might have wondered if it was New York . . . if he had arrived.

March 8. The wanderers return. By evening almost everyone is back.

March 9. French Club meets in the Y. rooms. Those little French plays are clever and John Basta and Kate Hosley made a most regal appearing lord and lady of a manor. We hope you understood all the French.

March 11. Flashlight movie "Hush Money".

March 12. Penny Circus in the gym, staged by the Freshmen. But sometimes they have circuses outside the gym.

March 16. German Club holds a very interesting meeting tonight. Anne Campbell sang some German songs for us, and . . . Miles Raker helped wash the dishes.

March 17. Early morning organ recital in Straughn Hall. The program was an arrangement of Easter music.

March 18. Y. W. has its early morning communion service for Easter.

And did we enjoy the Roxy Quartette.

March 19. Everybody's leaving. Two weeks for vacation. It's a mercy the snow got shovelled away enough for us to get out.

March 27. Student teachers consciously return to resume their duties at Junior High School.

March 28. Big snow storm! No school until Wednesday, March 30! Student teachers remain! Oh my!

March 29. Norton returns to college two days late! "Snowbound in New York City"! Oh, yeah!

March 31. Student teachers' party at Anna Doughton's. Entire population of North Hall signs in at 11:55.

April 3. Sunday! Fried chicken and peach sundaes! The thundering herd begins to return.

April 4. Most of us are back. "When you're away, I'm sad and lonely
"Wretched, bored, dejected, only
"Here's the rub, my darling, dear,
"I feel the same when you are here."

April 5. The girls are all gathered in the gym for house meeting, there's a nice polite kind of hush; Miss Hoffman is speaking . . . and a mouse runs right across the floor.

April 6. The first day of the Junior High Fair. Tea in the afternoon and a music demonstration at night.

April 7. There are school directors and superintendents everywhere today, and the lunch was a fitting tribute. We are objects for philanthropy.

Several people were placed today in positions for next year.

Rurban Club holds a banquet at the Little Tavern.

April 8. Emersonian dance in the gym, but some brave souls go downtown to see "Dr. Jekyll and Mr. Hyde". Horrible and worse.

April 9. Emersonian movie. "Murders in the Rue Morgue", a few more pictures like that and this will be an asylum and not an institution.

April 11. The fourth rainy day in succession. Almost we begin to feel like fish.

The debating team ends a most successful season by defeating Stroudsburg tonight.

April 12. During the next few days a representative of the National Red Cross will be in school conducting a training course for the Seniors. Several people take advantage of this. Program in chapel for Better Homes week. The exhibits in the library and the display of posters are especially good.

April 13. The last meeting of French Club at which officers are elected. Election of officers for Y. W. and for Women's Council. There were lots of important decisions. Now you'll all be well taken care of, although we hate to leave you. Phi Sigma Pi meeting.

April 15. Delegates from the eastern State Teachers Colleges arrive here for a Spring Y. W. Cabinet Training Conference.

The chorus presents a choral concert in the evening. Especially nice for our delegates, or so we thought.

April 16. The county band and orchestra festival in the afternoon. All the poor Music Sūps who have been working so hard, can breathe for a few days again.

April 17. Delegates leave . . . Hope they were sufficiently impressed with the superiority of this place.

Dr. Butler and the orchestra present a program in vespers.

April 18. Pi Gamma Mu banquet . . . all these people seem to discover an impelling desire to eat as Spring gets here.

April 19. Latin Club meets at Anne Doughton's. Another banquet.

April 20. German Club . . . these last meetings begin to make us tearful. The difference lies here . . . if you have a job . . . you feel optimistic, but if you don't you wonder if you won't miss the place a little bit.

April 22. Sinfonia concert in Straughn Hall . . . good as always.

April 23. "M" Club formal is held in the Junior High.

April 24. Dr. T. T. Richards, of Scranton, speaks at a community vesper service.

April 30. The Senior-Junior ball is actually here. Everybody's been upset for days getting ready for it; the committee's been planning it for months; the Seniors have been waiting for it for ages, and in a few hours it's all over.

May 3. In an impressive ceremony the new officers are installed for next year. It makes you remember you really have to go.

May 4. Baseball game with Bloom, and our team journeys there to show them how to play ball.

May 7. Again the baseball team leaves us, this time for Cortland.

May 12. The Senior farewell ceremony is a beautiful thing and provides one of the most impressive occasions of the year.

May 13. All these exams!

May 14. The Kappa Delta Pi banquet . . . and we have a lot of fun.

May 19. The Senior dinner and dance make a pleasant beginning for Commencement activities.

May 22. The Baccalaureate sermon in the morning. The first grand march. Band concert in the afternoon and the orchestra concert at night. Another of the bright spots.

May 23. Class Day . . . second march.

The opera "Robin Hood" at night is a splendid production and the members of it are to be congratulated.

May 24. Commencement.

Spring and summer, fall and winter, year after year, decade after decade sees the preparation and graduation of class upon class.

To fully record the efforts and accomplishments of these classes later years have added the publishing of the Carontawan to the list of important activities.

The present volume which you have scanned eagerly or carelessly, according to the amount of your interest, represents the culmination of a year's activity and hard work by the Board. We know there are faults as well as we suspect the presence of many happy parts. But good or bad, improved or otherwise, we are at least sure that we have put the maximum of effort in every part from the beginning of our record to the

It has given us great pleasure to co-operate with the Annual Staff of the Mansfield State Teachers College, in the designing and engraving of this publication, and we desire to express our appreciation for the many courtesies extended to us.

The production of a year book is no small undertaking. We wish to compliment the Editor and Business Manager upon their efficient and earnest effort, and feel confident that the student body will appreciate the result of conscientious work by all concerned.

Building a Year Book
Is a Big Task

Particularly is it difficult for those who do not know the various details that enter into making a good year book. The Advertiser has enjoyed giving to each board these past years the advice and assistance that we have, and we have enjoyed an association with the Carontawan Board that will linger in our memory.
